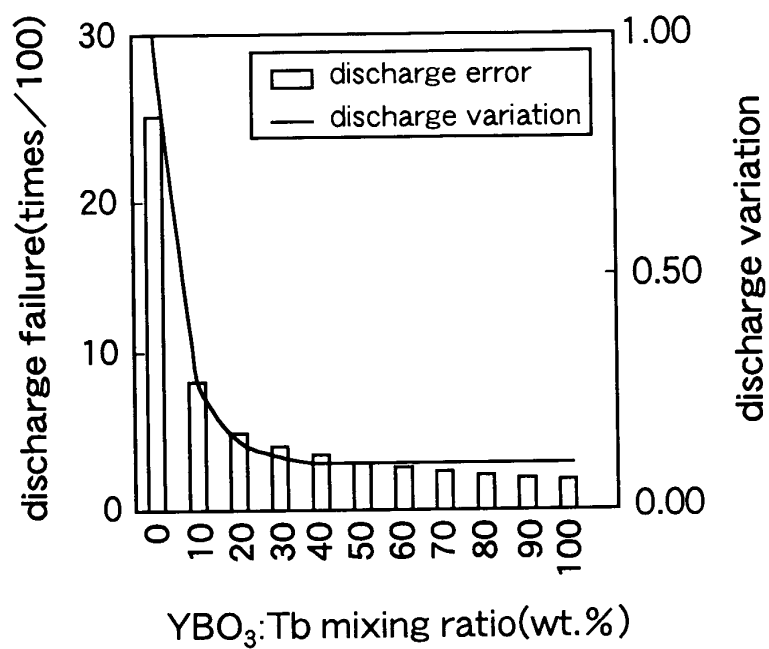

FIG. 8

A cross-sectional view of a multi-layered structure. It features a top layer (21) with a wavy interface (29) separating it from a middle layer (23). The middle layer (23) contains a series of downward-pointing, rounded protrusions (28) that are embedded into a bottom layer (22). The bottom layer (22) has a flat top surface (27). The interface between the middle layer (23) and the bottom layer (22) is marked with a dashed line (25). The top layer (21) is also marked with a dashed line (26). The middle layer (23) is marked with a dashed line (24). The bottom layer (22) is marked with a dashed line (27).
